Introduction

Sobha Sanctuary is a landmark nature-led residential community envisioned as a new standard for restorative living in Dubai, where life moves at a calmer rhythm, shaped by trees, open space, and light.

Forest-inspired villa neighbourhoods and contemporary residences are arranged around a vast central park and a continuous green spine, alongside a community mall, wellness centre, schools, healthcare facilities, and curated lifestyle amenities, creating a setting where wellbeing and modern living come together naturally.

A lush green park with trees and people exercising. In the foreground, there are purple and white flowers. In the background, several people are practicing yoga on mats on a grassy lawn. There are large trees with yellow and orange flowers, and a building is visible in the distance under a clear sky.

Wellness-Led Master Community of 37,483,888 sq ft.

~50% of open green spaces
50,000+ Trees

~800,000 sq ft. park

9+ Wellness Loop

~5 KM loop connecting
walkable neighbourhoods.

Masterplan

Sobha Sanctuary's design integrates movement with nature, featuring shaded paths and open gathering spaces that facilitate community growth. The master plan balances private life with shared moments. Every space is crafted for calm, intuitive living, allowing the landscape to be an integral, intentional part of daily life.
